

3.4 Sidewalk Inventory Update for Downtown Turners Falls

Objectives:

To update and expand the Sidewalk Inventory of downtown Turners Falls, which was last completed in 2005. The Sidewalk Inventory will provide detailed and current sidewalk condition data so that maintenance can be prioritized and pedestrian safety improved.

Previous Work:

1. Sidewalk Inventories for Franklin County Downtowns (2005)
2. Franklin County Regional Pedestrian Plan (2011)
3. Complete Streets Assessments (2013, 2014)

Procedures:

1. Conduct field work to assess current sidewalk conditions such as: sidewalk materials, conditions, and ADA accessibility.
2. Record conditions in GIS database.
3. Summarize results in GIS maps and summary report.

Products:

Report summarizing the results of the Sidewalk Inventory (by September 2016) with accompanying GIS summary maps.
