COVID 19 VACCINE Community Conversation for Black, Indigenous, and person of color communities

**APRIL 29 at 5 PM on YouTube,
Facebook, Zoom, Twitch, and GCTV**

Please join us for an evening of information. As our country and the public moves closer to an open vaccination process, many people in the Black, Indigenous, and person of color communities have questions that speak more specifically to our history with the health care system, equity in vaccinations for the BIPOC community, side effects, and more. We invite you into this safe space to voice your concerns and gain some answers for yourselves and your families.

Moderator: Lee Collins-Lambert

For more info: www.frcog.org or 413-774-3167

Sponsored by the Communities That Care Racial Justice Working Group and the Franklin Regional Council of Governments
