Solomon indicated that 85 volunteers have completed the sign-up process, and that many

	<p>more are in-process. There will be roles for all that volunteer, she added. Shores Ness said that So. County EDS anticipates using 200 volunteers. Hillman indicated that 6 volunteers are needed for every shift of each clinic in Greenfield.</p> <p>b. MAPHCO will suspend future meetings in favor of MAPHCO/REPC meetings for the near future, though these may be requested by any member via one of the co-chairs. Rogers reminded the group that she will send weekly situation reports, on Fridays, from the MACC, which will reflect the work of the organizations meeting jointly. Further, she said, MAPHCO members remain involved and informed via the bi-weekly COVID Roundtable meetings.</p> <p>c. Walker reported that local legislators have been successful in advocating for an increase in the volume of COVID-19 vaccine doses being sent to Franklin County, perhaps up to 500 weekly, to be distributed in Greenfield (the hub) next week, and at other sites (spokes) beginning the following week. Hoffman indicated that area first-responders who received first doses in Greenfield recently are scheduled to receive their second doses beginning next week; Wolkenbreit indicated that the participation rate in this group was excellent. Hoffman indicated that Greenfield will continue to utilize a waitlist in the event “no-shows” results in extra doses becoming available at any given clinic. Shores Ness indicated that So. County is putting teachers on their wait list. Walker indicated that vaccinations will not be available through local public health channels for additional groups – those 65+ and with co-morbidities – until late March. Pease encouraged others to direct interested community members to the helpful MRC volunteer sign-up instruction sheet created by Solomon.</p>
