

Forest Climate Resilience Program

Plan Now for Municipal Forest Resilience!

Interested in helping your town's forested properties withstand climate change?

Come hear about a new opportunity for towns opted into the Mohawk Trail Woodlands Partnership (MTWP) to obtain or upgrade to a MA Department of Conservation and Recreation (DCR) Forest Stewardship Climate Plan on town forest land.

A Forest Stewardship Climate Plan will prepare towns for future opportunities to implement forest resiliency practices.

WEDNESDAY, OCTOBER 13 FROM 4-5PM

Via Zoom

**To register: Please email
climateforestry@massaudubon.org**

*The webinar recording will also be available after the event to those who registered.
