### Where to find rapid tests to have on hand, at home:

- MassHealth, Medicare, and many private insurances cover rapid antigen tests to have at home (up to 8 tests/4 boxes per month). Private insurance may allow online orders or reimburse the cost of the tests from a purchase receipt, or allow you to purchase for free at the pharmacy counter. Check with your insurance company or ask at the pharmacy about your coverage.
- For MassHealth and Medicare, the pharmacy needs to create and fill a "prescription" so that the tests get covered. Bring test kits to the pharmacy prior to purchase to bill MassHealth and Medicare directly at Big Y, CVS, Rite Aid, Stop & Shop, Walmart, and Walgreens.
