**REQUEST FOR PROPOSALS  
FOR CONSULTING SERVICES IN SUPPORT OF ROWE'S MVP ACTION GRANT  
COMMUNITY DRIVEN FOREST CLIMATE RESILIENCE PROGRAM IN THE MTWP REGION  
RFP 2022-2048**

## **ADDENDUM 2**

The following questions were received and are answered below.

### **Question 1**

The Scope of Services that is outlined in the introduction of FRCOG's Rowe MVP RFP does not directly match Task 5 in the scope of services of the RFP or the Attachment B. The introduction section states that 4 demonstration forests should be established. Task 5 and Attachment B are less specific. If an applicant has the 17,000-dollar match, can fully complete task 5 as outlined in the scope of work section and the MVP Attachment B, and can establish demonstration forests in 2 towns, would that sufficiently meet the requirements for a proposal?

### **Answer Question 1**

*Creation of two (2) to four (4) Demonstration Forests is acceptable provided that Task 5 is fully completed. Applicants should outline what the related field tours in each of the communities will address in Task 2, including the Demonstration Forests created.*

### **Question 2**

Can the electronic version of the proposal be emailed or does it need to be submitted on CD or Flash drive as stated on page 6 of the proposal?

### **Answer Question 2**

*The electronic version of the proposal must be submitted on a Flash Drive because, per MGL Ch30b, the price and technical proposals cannot be "sealed".*

All other provisions of the RFP remain unchanged.
